

Birb 2.0

Tokenomics

View our updated tokenomics. The Birb project was established in July 2021. We added new features to our main token contract.

100,000,000

Total supply

1,800,000

Charity fund

5,284,400

Marketing, giveaways, bounties

12,651,000

BirbBattles, gaming, rewards, development

5,107,067

Staking, lottery, team & moderator payments.

Taxes

5% Sell
0% Buy

Taxes are needed to sustain our project. Out of the 5%, 2% will go back to liquidity and 3% to the Birb fund for development & marketing.

Tokenomics & Taxes

The team will let the community vote with any changes to the taxes in the future.

Migration & Liquidity

There will be some tokens for PancakeSwap liquidity, and the remaining will go to the migration contract. This is where all holders can convert their old BIRB tokens to the new Birb token.

17,653,936

PancakeSwap Liquidity

57,503,597

Migration Contract
